Please Note:

1. Computer proficiency test or CIS 1026 must be passed by the end of the sophomore year. We recommend that the test be taken during the freshman year so that you can take CIS 1026 during the sophomore year if you do not pass the test.
2. ENG 3100 or BE 3340 must be completed with a minimum grade of “C” prior to taking any 4000 level business courses.
3. One course must meet the Global Issues requirement (see check sheet for options).
